

British Values Statement

We recognise the multi-cultural, multi-faith and ever-changing nature of the community we are committed to serve. We provide opportunities for pupils to explore their own culture and have a clear understanding and appreciation of a wide range of the cultural influences that have shaped modern Britain.

We promote the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs. Our school values seek to eradicate discrimination against any individual or group, regardless of faith, ethnicity, nationality, gender, sexuality, disability, political or financial status.

We also understand the vital role we play in ensuring that groups or individuals within our school are able to thrive, free from discrimination, intimidation or radicalisation by those wishing to unduly, or illegally, influence them.

At The Children's Hospital School our spiritual, moral, social and cultural (SMSC) education permeates through the curriculum, supports the development of our pupils and includes the teaching and promotion of British values.

At The Children's Hospital School everybody is encouraged to:

- Be respectful of each other and our school
- Be helpful and supportive of each other
- Be kind and considerate
- Be the best they can be
