

# AI and Assessments

## A quick guide for students

### What is AI?

- AI stands for artificial intelligence and using it is like having a computer that thinks
- AI tools like ChatGPT or Snapchat My AI can write text, make art and create music by learning from data from the internet, but watch out – they can also make things up and be biased

### How can AI be misused in assessments?

AI misuse is when you take something made using AI and say it's your own work.

**THIS IS CHEATING!**

### How do I make sure I don't misuse AI?

#### 1 Know the rules

- You're **not allowed** to use AI tools when you're in an exam
- Your teachers will tell you if you're allowed to use AI tools when doing your coursework – the rules will depend on your qualification
- Even if you're allowed to use AI tools, you can't get marks for content just produced by AI – your marks come from showing your own understanding and producing your own work

#### 2 Reference reference reference!

- If you're allowed to use AI tools, you must reference them clearly
- Name the AI tool you used
  - Add the date you generated the content
  - Explain how you used it
  - Save a screenshot of the questions you asked and the answers you got

#### 3 Declare it's all your own work

– When you hand in your assessment, you have to sign a declaration. Anything without a reference must be all your own work. If you've used an AI tool, don't sign the declaration until you're sure you've added all the references

### What happens if I misuse AI?

If you've misused AI, you could lose your marks for the assessment – you could even be disqualified from the subject.

**DON'T RISK IT!**

**REMEMBER**  
Misusing AI is cheating!

Know the rules  
Talk to your teachers  
Reference clearly
