Youth Mental Health First Aid

MHFA England

What is Mental Health First Aid?

Mental Health First Aid (MHFA) is an internationally recognised training course which teaches people how to spot the signs and symptoms of mental ill health and provide help on a first aid basis.

MHFA offers a range of courses tailored for people who teach, work, live with and care for young people aged 8 to 18. The courses can be attended by anyone from age 18 upwards (16 years for the Mental Health Awareness). Every MHFA England course is delivered by a quality assured Instructor Member.

Our Instructor Member

Our facilitator Lorraine Biddle is an accredited MHFA instructor. Lorraine works as Head of School at The Beacon (CAMHS) unit based at Glenfield Hospital.

Lorraine has taught at the CAMHS Unit since 2017 and was previously senior teacher with the Leicestershire Autism Outreach Service. Lorraine also has prior experience as a SENCO and SLT in mainstream primary education. She has been Lead SENCO for Leicestershire and in her SLE role has carried out 4 SEND Reviews – 2 in Primary Settings and 2 in Secondary Settings.

Lorraine has completed her NPQSL and is a member of the school's senior leadership team.

She is accredited to deliver a number of MHFA courses including Mental Health first aid for schools, Mental Health Champions and Mental Health Awareness.

At the Children's Hospital School we are able to deliver this training in 2-day, 1 day or ½ day training sessions.
